Volume VI

From the desk of Mr. Jacobson:

Greetings Everyone!!

It is hard to believe that we have passed the 100th day of school. We currently have 2 snow days to make up. This will push the end of the school year to May 16, 2018.

We have received some unexpected funds from DESE recently. The School Board voted to use part of the funds to install a new security system inside and outside our buildings. Being in a rural area, and so far away from law enforcement, this should help keep students, staff and assets better protected.

We would also like to introduce Nancy Watts as the district's liaison for homeless, migrant, ELL and foster students.

Thank you parents for your continued support!!

Mr. Jacobson
